

Lecturer / Senior Lecturer

Land & Property (Part-Time)

Job Description

The Role

Job title:	Lecturer / Senior Lecturer in Land & Property
Department:	Land and Property Management
Responsible to:	Dean of Land and Property Management
Location:	Cirencester (and Partner Organisations)
Salary:	Lecturer (Grade 8 starting from £38,784 progressing to £46,049) or Senior Lecturer (Grade 9 starting from £44,746 progressing to £56,535) pro rata for part-time appointment. Please note: it is the university's policy to appoint new staff at the bottom of the pay scale, unless there are demonstrable exceptional skills and experience the candidate brings with them.
Working hours:	Part-Time (0.4 or 0.5 FTE)
Responsibility for:	Teaching and Professional Scholarship

Purpose

The Royal Agricultural University (RAU) is seeking to appoint a Lecturer or Senior Lecturer to join our esteemed Land & Property Management team. This exciting opportunity offers the chance to shape the next generation of rural land management and real estate professionals.

The RAU offers a range of undergraduate and postgraduate programmes in Land & Property, including our RICS accredited BSc (Hons) Rural Land & Property Management, BSc (Hons) Real Estate, MSc Rural Estate Management, and MSc Real Estate programmes.

We are looking to appoint a professional and passionate individual with highly relevant subject expertise to teach on our undergraduate and postgraduate programmes at our Cirencester Campus. You may also be required to teach on our overseas programmes, although this is unlikely.

We welcome applications from those with experience in general practice real estate that are able to teach Professional Practice, Property Finance, and Non-Domestic Rating.

Bridging the gap between industry and academia is essential for our students, ensuring they are well-prepared for their future careers. We are therefore specifically seeking applicants that have relevant professional experience. As such, we are particularly interested in applications from individuals

considering this part-time role in conjunction with their continued work in professional practice, or have recently retired from practice and wish to share their wealth of knowledge with the next generation of professionals.

Due to our taught programmes being RICS accredited, being a Chartered Surveyor with either MRICS or FRICS is desirable; applicants with other relevant professional qualifications will be considered.

All our University Lecturers are required to articulate subject material in a way that will enable students to demonstrate an understanding of the subject areas through contextualization and critical analysis of case studies and scenarios in the context of their subject area. As part of the application process, suitable applicants invited to interview will be asked to demonstrate their teaching skills by preparing and delivering a short teaching session on a relevant topic aimed at undergraduate students.

Key Responsibilities

1. TEACHING AND ASSESSMENT

- Deliver teaching through lectures, tutorials, seminars, site visits, practical exercises, and other modes of delivery to undergraduate and postgraduate students.
- Create student awareness of current professional practice through experiential learning, including visits, case studies, and engagement with external speakers.
- Contribute to the development of taught programmes that are cutting edge and embrace the latest innovations in teaching and learning.
- Contribute to the ongoing development of teaching approaches that integrate real-world practices with theoretical concepts.
- Design, deliver, and mark a range of student assessments, as required by module specifications within the programmes, and carry out moderation of marked assessments.
- Supervise undergraduate and postgraduate student dissertations.
- Provide academic support for students (all staff have Academic Support Tutor responsibilities).
- Engage in the continual update of your knowledge and understanding of teaching and learning.

2. PROFESSIONAL SCHOLARSHIP

- Engage in relevant scholarly activity, for example, collaborative projects with community partners.
- Contribute to the creation and development of subject knowledge.
- Engage in knowledge exchange activities by collaborating with industry partners on key projects or consultancy work.

3. ADMINISTRATION

- Manage modules, programmes, and other tasks.
- Attend programme meetings, subject area meetings, award boards, external examiner meetings, and other management meetings arising from the assigned responsibilities.
- Assist the RAU's Careers Service to support students and engage with employers.
- Be part of the Land & Property Management recruitment team.
- Participate in the corporate life of the RAU as deemed relevant by your line manager.
- Contribute to the development of the wider University's curriculum and academic agenda.

General responsibilities:

- The University is committed to equality of opportunity. All staff are required to comply with current legislation, University policies and good practice guidance.
- All staff are required to act in a way that safeguards the health and wellbeing of children and vulnerable adults at all times. The post holder must be familiar with and adhere to appropriate safeguarding policies and guidance and participate in related mandatory/statutory training. Line managers have a responsibility to ensure their team members understand their individual responsibilities with regard to safeguarding children and vulnerable adults.
- All staff are required to participate in the University appraisal process and should ensure they are familiar with the process and plan time to prepare for their appraisal. Following the appraisal, staff are expected to undertake any necessary learning and development, and work towards the objectives that have been set.
- The University expects staff to attend any training designated as mandatory and to undertake learning and development activities to support their role. Line managers must facilitate learning and development within their teams.
- It is a condition of employment that staff will not disclose any information obtained in the course of their duties other than to those entitled to receive it. The post holder must ensure that the confidentiality of personal data remains secure and that restricted information or highly restricted information to which they have access remains confidential during and after their employment at the Royal Agricultural University. All staff must undergo appropriate data protection training as required.
- All absence from work must be reported in accordance with the University's absence procedures and recorded on iTrent.

University Values

As a University we have chosen five values to underpin our learning community. These are the values which we will all work by and for which we want the RAU to be known. We are:

- **Collaborative** - we believe in the power of working together. We are stronger as a community of practice - inspiring each other, identifying shared goals, and providing reciprocal support leads to greater success.
- **Open-Minded** - we are receptive to new ideas and we value the diversity of experiences and skills. We are committed to listening to everyone across the RAU community.
- **Resourceful** - we adopt creative approaches to achieve our goals while setting higher standards, promoting professionalism and sustainability.
- **Responsible** - individually and collectively we take accountability for our actions working with integrity to achieve the highest ethical standards.
- **Inclusive** - we acknowledge the fundamental value and dignity of all individuals and are committed to maintaining an environment that seeks to eliminate all forms of discrimination and respects diverse traditions, heritages, and experiences.
