RURAL BUSINESS CAREER TRANSITION COURSE

Are you a veteran, a reservist, resettling personnel or a military spouse? If so, you are eligible to apply for this course, which is specifically designed for individuals in the military community who are considering developing a follow-on career in leadership, project management, facilities management or logistics within agriculture, food and the wider land-based sector.

Contact via email: professional.development@rau.ac.uk/courses@ruralink.org.uk

APPLICATIONS OPEN FOR 2022

The RAU is proud to introduce this unique transition course in partnership with RuRALink, a veteran-owned organisation created to provide consultancy services, career transition support and networking opportunities to ex-military personnel who aspire to work in the rural business sector.

Recent research has shown that it is difficult for veterans to access information and courses on rural business including: agri-business, agri-tech, food and farming, food logistics, food security and marketing.

One of a series designed to address this issue in the resettlement system, the course builds upon the hugely valuable career experience and qualifications of service-leavers and preparing professionals for leadership positions in rural business.

Led by leading agri-business academics, and including contributions from an impressive array of industry leaders, the course offers a progressive programme of study-visits to sector-leading businesses.

Course Dates: 6 - 17 JUNE 2022

The course features:

- Pre-course preparation including one-to-one career coaching session
- 2 weeks residential on campus at the Royal Agricultural University
- Visits to rural businesses
- Small study-groups within a course of a maximum of 20 delegates
- Post-course one-to-one career coaching session
